To: "Western, Wayne" <waynewestern@utah.gov>

Wayne--

I had a call from Bob Schonlau who explained some of the land ownership for Bruin Point. Together he and his wife, as Resource Associates LLC, own 55% of the mineral and 71 2/3% of the surface for a 640-acre parcel as shown below. He said he and his wife have not been contacted by the operator.

Here's the ownership as he explained it to me and as I wrote it down though I didn't get everything recorded and could have made some mistakes.

There are two parcels:

1120 acres: T. 14 S., R. 14 E., all of Section 2 and all but the SW 1/4 of Section 3.

640 acres: T. 14 S., R. 14 E., SW 1/4 of Section 3, all but the SW 1/4 of Section 10

1120-acre parcel

Surface:

100% owned by Hunt Oil

Mineral:

40% Hunt Oil

20% Michael ____

Four 10% interests between four people from Minnesota

640-acre parcel

Surface:

71 2/3% Resources Associates LLC

13 1/3% Oil Sand Corporation of Utah

10% Helene Richards

5% William G. Gibb

Mineral:

55% Resource Associates LLC split equally between Bob and Nancy Schonlau

16 2/3% Mimi Land (I'm not sure I got this written down right)

13 1/3% Oil Sands Corporation of Utah

10% Helene Richards

5% William G. Gibbs
